IELTS Writing Answer Sheet - TASK 2

Candidate Name, Centre Number, Candidate Number, Module (Academic/General Training), Test date

TASK 2

Today, in the XXI century with the developing medical care people are living longer than before and life expectancy is also increasing. Firstly, people, scientists and all human beings are trying to stay younger and live longer as much as they can. Scientists and professors are creating new pills, medical care instruments and vaccines which can help avoid or treat almost all types of illnesses. All people can live healthy and happily live and enjoy their lives. Healthy parents can bring up healthy and full-fledged children for the society.

Do not write below this line

people, scientists and all human beings ??? it's the same as to say: cars, convertibles and all automobiles... too many 'lives' + grammar misaccuracy makes it very difficult to understand
