Monopoly Cats vs Dogs is a fun and lighthearted game designed specifically for pet lovers. Players form teams and choose to join either Team Cat or Team Dog, where they claim funny titles for their pets. The game's objective is to collect as many titles as possible before the others do, with the team having the most titles declared the winner. Monopoly Cats vs Dogs offers a fun and light-hearted twist on the classic Monopoly board game, perfect for pet lovers everywhere. The game is designed to be played in teams, with players joining either Team Cat or Team Dog, and moving around the board to claim titles for their pets, such as Fashionista and Bright Eyes. The Monopoly Cats vs. Dogs Game is a fun twist on the classic board game, designed to appeal to pet lovers who want to show their loyalty to either cats or dogs. In this edition, players form teams, choosing between Team Cat and Team Dog, and strive to claim funny titles for their pets, such as "fashionista" and "bright eyes." The game features hilarious cat and dog chance cards that poke fun at the silly things pets do, adding a lighthearted touch to the gameplay. With two to six players, this Monopoly game is perfect for those who want to prove that their furry friend is the best. The team with the most titles wins, making it a great way to bond with family or friends over a shared love of pets. This animal-themed game is a unique and adorable twist on the classic Monopoly experience, featuring cute illustrations such as a kitty in bed and a dog drinking from a toilet. The objective is simple: claim the most titles to win. Recommended for kids aged 8 and above, this game was launched on Amazon in July 2019. As an animal lover's gift idea, it's definitely worth preordering - especially considering Monopoly's other pet-inspired versions, such as the cat version we recently purchased for our own feline fan. Given our household's strong cat vs dog rivalry, we're looking forward to playing the cat vs dog edition with our daughter and me, a self-proclaimed dog enthusiast.
