Behavioral Technology Policies with Respect to Disclosure and Disclaimer by the Faculty Conflict of Interest: A conflict of interest may be considered to exist if a faculty member of a continuing education course is affiliated with or has a significant financial interest in any organization (s) that may have an interest directly on the subject of the presentation or who may co-sponsor or offer financial support to the course. Situations involving a potential conflict of interest are not inherently bad or wrong, but in accordance with the rules for continuing medical education, we would like you to be aware of the affiliation/financial interest of your instructors. Disclaimer from the Faculty: When an unlabelled use of a research use not yet approved for any purpose is discussed during an educational activity, we will require the lecturer to disclose that the product is not labelled for the use in question or that the product is still under research. Notice requirements for successful completion: For all trainings (both face-to-face and distance), participants must attend 100% of training and complete the Final Evaluation to receive a certificate of successful completion. This includes checking in and checking out each day/session of the event. For remote online training, guided by an instructor, participants must pass the Post Evaluation (s) with a score of 75% or higher. Commercial Support or Sponsorship: There is no support from a commercial company for this CME/CE event. Non-commercial Sponsor Support: There is no support from non-commercial sponsors for this CME/CE activity, educational activities and does not imply that there is actual or implied endorsement of any product, service or company referred to in this activity or of any company, subsidizing the costs associated with the activity. Off-label use: This WCC/EC activity does not include any unannounced information about the off-label use of a product for a purpose other than that approved by the Food and Drug Administration (FDA). Disclosure of relevant financial relationships: Faculty members are required to disclose all conflicts of interest and any relevant financial relationships that may affect the content of the training. Unless specified on the Behavioral Tech website or other printed materials/media, none of the persons in a position to control the content of this CE/CME activity (including planners, editors, members of the CE/CME Review Committee, lecturer presenters, moderators/facilitators, reviewers, etc.) have financial relationships, relevant to divulge. Tags Events Online Conferences Online Science & Technology Conferences Online Thu, November 18, 2021 10:00 a.m. - 7:00 p.m. EST Add to Calendar Conference Organizer ISITDBT 2021 Dialectic Behavior Therapy (DBT) is a behavioral therapy system developed by Marsha M. Linehan, Ph.D., ABPP, teacher of and a researcher at the University of Washington, to treat people with limited personality disorder (BPD). (BPD). For the regulation of emotions with discomfort, acceptance and conscious consciousness derived to a large extent from the Practice Zen. Isitdbt is an organization of volunteers with the only task of organizing an annual conference to gather M6ls of DBT from all over and around the world. The First Conference of the ISITDBT was held in 1996 and was presided over by Dr. Charles Swenson. The ISITDBT conference is aimed at providing workshops for the clinical development of DBT skills or the development of DBT programs, as well as research panels to disseminate information based on current evidence that underlies the DBT. The Annual IsitDBT conference is held on November on Thursday of the annual weekend conference of the association of behavioral and cognitive therapies (ABCT). (ABCT).
