The Chauvet Geyser RGB Jr. is a compact version of our unique effect fogger that adds a touch of drama to any performance. Here we've curated nine monumental books about Martin Luther King Jr. for you to read on MLK Day and all year long. Martin Luther King Jr.: A Life by Marshall Frady Photo Courtesy: [Goodreads] Marshall Frady was a journalist who spent much of his career covering the Civil Rights Movement. The Speech provides details and context from interviews with Clarence Jones, who drafted some of King's speeches, and other people who were out there with King, like Angela Davis and Joan Baetz. My Life, My Love, My Legacy by Coretta Scott King Photo Courtesy: [Goodreads] Perhaps one of the most important memoirs in American literature, My Life, My Love, My Legacy begins at the moment the author's home was burned down by white supremacists in 1942. This powerful fogger blasts a 15-foot high vertical stream of safe, water-based fog while simultaneously illuminating it with 9 high-power (3W) LEDs. A combination of red, green and blue LEDs allows you to easily mix the perfect color to transform the fog into a stunning effect. Listening to King's speeches, it's easy to forget that he was in his twenties when he started advocating for Black lives and civil rights. In addition to providing important details, Sokol's work offers space to heal. The Speech by Gary Younge Photo Courtesy: [Goodreads] King's "I Have a Dream" speech is often taught to younger students, but have you ever looked at the speech close up? Whether it's been a while since you've heard King's most famous speech in full or if you can recite the lines from memory, we think you'll love Younge's dissection of the speech. Becoming King is still a deep dive, but it's only about 270 pages long, which is a more manageable size for some folks. The Heavens Might Crack: The Death and Legacy of Martin Luther King Jr. by Jason Sokol Photo Courtesy: [Goodreads] Everyone remembers what they were doing when the news of Martin Luther King Jr.'s assassination broke. The Heavens Might Crack: The Death and Legacy of Martin Luther King Jr. takes readers back to 1968. The book goes on to illuminate the life of the woman who was by King's side during his ascension into the public eye, but it doesn't stop there. Sokol sets up the political and social landscape of the time, highlights King's prominence at the time, and covers the many different responses to the aftermath of King's death. The first book in the series highlights Lewis' influential encounter with Martin Luther King Jr. While this series of graphic novels is great for K-8th grade reading levels, they also offer superb art and tell an important story that all ages can appreciate and enjoy. A Call to Conscience: The Landmark Speeches of Dr. Martin Luther King, Jr. by Clayborne Carson and Kris Shepard Photo Courtesy: [Goodreads] If you're looking to learn about King and celebrate his values but you want a first-hand account, this one is for you. The loss of a distinguished activist can be a lot to process, even years later. This title also highlights King's working relationships with other icons of the Civil Rights Movement, like E.D. Nixon, Virginia Durr and Jo Ann Robinson. Since the height of the Civil Rights Movement, King has not only become a prominent figure, but his teachings remain so relevant to today's cultural landscape. This archival achievement has received numerous accolades, including the Pulitzer Prize. March: Book One by John Lewis, Andrew Aydin, and Nate Powell Photo Courtesy: [Goodreads] Composed of four books, March is a series of graphic novels that chronicle the life and times of John Lewis, the late congressman and activist from Alabama. The book offers a comprehensive analysis of King's speeches and how they evolved over the period of time most well-remembered for the Montgomery Bus Boycott. And Younge doesn't stop at his framing of the famous oration. In Martin Luther King Jr.: A Life, Frady explores the FBI's interest in King as well as the reverend's relationships to the Kennedy and Johnson administrations and other civil rights activists. The advocate, reverend, husband and father died much too soon at age 39 in 1968.
